

\$DET (Doge Elon Trump) White Paper

Introduction

\$DET is a unique memecoin that combines the playful charm of Doge, the innovative spirit of Elon Musk, and the boldness of Donald Trump, all on the robust TON blockchain. Our goal is to redefine the digital asset landscape with a fun, innovative, and bold approach to cryptocurrency.

Mission

Our mission is to create a decentralized digital currency that fosters innovation, supports philanthropic efforts, and empowers communities worldwide. \$DET is more than just a token; it's a movement aimed at transforming the crypto space and driving positive change.

Key Features

- 1. Blockchain Technology:** Built on the TON blockchain, \$DET ensures security, scalability, and fast transactions.
- 2. Community-Driven:** Powered by a vibrant community that believes in creating a better future through technology and philanthropy.
- 3. Philanthropy:** A portion of \$DET transactions supports various charitable causes, aligning with the philanthropic endeavors of Elon Musk and Donald Trump.

Technology

- **TON Blockchain:** Leveraging TON's strengths, \$DET ensures robust security, transparency, and efficient transaction processing.
- **Smart Contracts:** Utilizing smart contracts to automate transactions and ensure secure, trustless interactions within the ecosystem.

Token Distribution

Out of one hundred billion tokens, 100% will be offered to the public. No dedicated tokens are reserved for the team, emphasizing our goal of creating a popular and fully available currency.
